

WILDERNESS CAMPGROUNDS RACE THEME WEEKEND

SCHEDULE OF EVENTS:

A.M. – Build your cars & decorate sites: we will have some cardboard for car construction. We will have some crayons and markers available to use at the pavilion. If possible bring your own construction materials. Rules to follow. Enter your team at the office.

1:00PM • Car judging contest at the pavilion, all cars entered must be at the pavilion at this time.

1:30PM • Pre race tech inspection begins at the baseball diamond.
Cars & drivers must pass tech before being allowed to race.

2:00PM • Racing starts at race course set up in activity field.

4:00PM • Tire changing contest, set up near flag pole.

7:00PM • Site decoration judging – Winner will be posted Sunday Morning at the office.

RULES:

Site decoration: Decorate your site with any race paraphernalia, lights, signs, flags, posters, etc., to be judged.
Car building: To be constructed of cardboard or heavy paper board, some wood can be used for bracing. Car must have 2 sides, front & rear optional. Crayons, paint & markers can be used to decorate. You may use some racing decals if you have them. No professionally made graphics or paint jobs. You may copy a known design or do your own. (This is a family & team participation event. There are no age divisions.) Cars should be approximately 2 feet high and 4 feet long, this is a guide line only. Remember the driver will have to wear the car if the team is going to race it. Prizes will be awarded based on craftsmanship and originality.

TIRE CHANGING CONTEST:

Two person team. All participants must be over 16. There is \$10.00 entry fee per person. Cash prizes for 1st, 2nd, and 3rd. All must sign a release form. If under 18 a parent must sign the release. All competitors assume the risk for any injury incurred. One person is tire carrier; one is the air gun operator. Teams may switch, but must pay a separate entry fee for another run. The car will be on jack stands, no car lifting. Strictly tire changing. It will be a timed event, one team at a time. There will be a starting line. The stop watch will start when the 1st person crosses the start line and stop when the last person comes back across the same line. We will not be gluing the lug nuts to the wheels; your tire carrier will have 3 extra lug nuts. You will be assessed for missing lug nuts: 10 seconds each. Loose lug nut penalty will be 5 seconds for each. In the event of a tied time there will be a run off. Safety glasses will be mandatory. You should wear gloves and the tire changer should wear knee pads. We will have a couple of pairs of knee pads & safety glasses to loan out.

RACE RULES:

There will be 3 divisions. 12 & under drivers, ages 13 to 19 drivers & adult drivers. You will need a 3 person crew (max). The crew can be of different ages. A car can be entered in more than one age division, but can only be used by one driver per age division. The driver must have lace up tennis shoes. NO Velcro or Slip on shoes allowed. If there are enough cars there will be a heat race held to qualify for the main event. It will be a standing start race, with racers starting side by side, there will be cones set out to outline the track, cutting corners will call for disqualification, racers will start & stop at the finish line. After one lap all racers will be required to pit, (pit stop rules defined below). And then run another lap. Intentional crashing of another car will result in disqualification. The 1st to cross the line is the winner. Pit Stop Rules: Be courteous to other drivers, you must enter your designated pit area, watch for crew. Do not block other cars pit area. Your crew must change your tires (shoes) Pull shoes off, untie, put back on and re-tie properly. They must clean your wind shield (wash your face w/ wet rag) You must re-fuel. (A bottle of water will be provided) Drivers will get there fuel from the pit judge and return the container to the pit judge upon emptying. After completing these tasks you may leave the pit to complete 2nd lap. There will be a pit judge assigned to each team. Penalties will be assessed for not completing your pit properly. Pit judges will hold you in your pit until shoes are tied properly and windshield (face) has been washed. Pit Judges will enforce 15 second hold penalties (after tasks are completed) for spilling to much of your fuel, not emptying container, being out of your pit area or blocking another pit area.
